CHARGING INSTRUCTIONS

This vibrator arrives with a low charge, so it is recommended to charge for two hours before use.

Connect the USB plug into the USB port of your computer or other output and the other end of the DC charger into toy's input.

Initial charge will take about 2 hours, and subsequent charges take about 3 hours to complete.

The indicator light will flash while device is charging, and remain solid when toy is fully charged. There is no danger of battery damage by overcharging.

Charge lasts for about 2-3 hours of play time with one motor depending on speed, and about 1 - 1.5 hours with dual motors depending on speed.

Toy vibration slows before stopping completely.

This toy operates at a sound level of less than 50db

INSTRUCTIONS FOR USE

Each motor employs its own button for power and function.

To turn toy on, press the button closest to the motor you desire to use, for at least two seconds.

Once toy is turned on, press the same button to cycle through 7 different vibration speeds and functions. This applies to both motors.

LED light indicator will remain on when toy is in operation.

To lock/unlock toy hold down both buttons for 3 seconds.

To turn toy off, press either button for at least two seconds. Each motor must be turned off separately. The light will turn off with the motor.
