

GP DATEX ZIP UP FRONT DRESS

This black Datex mini dress is longer at the back, shorter at the front, has elastic adjustable spaghetti straps and extra seams for a tight fitting around the body. It has a walking slit at the back, and closes with a zipper at the front, that opens from the top down. A great eye catcher from the Guilty Pleasure Datex collection.

Datex is a revolutionary material made of natural rubber latex, printed on an elastic knitted fabric. The result is a very stretchable material with the looks and touch of latex on the outside and the softness and comfort of the stretchy fabric on the inside.

Datex is comfortable to wear, it has that exciting look of latex, but not the disadvantage of being sticky and sweaty. It is easy to put on or take off without any additional dressing aids or conditioners. Datex provides great comfort, softness and flexibility, and at the same time the fetish look and touch that make latex so unique and appreciated.
